MARKET HIGHLIGHTS

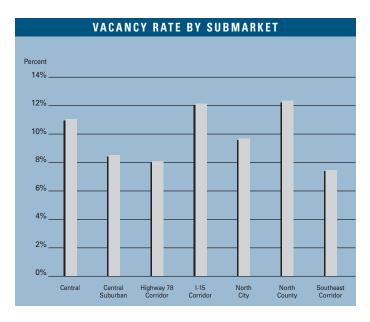

- Unemployment in the third quarter of 2006 in San Diego County is 4.1%, which is an increase of 0.4% since the second quarter of 2006 and the same as what we saw a year ago.
- According to Los Angeles County Economic Development Corporation it is estimated that San Diego County added 21,500 new non-farm jobs in 2005, and they are forecasting 21,900 new jobs in 2006 as well as 19,500 in 2007. They are also forecasting a 6.0% increase in total personal income for 2006.
- Currently there is 4,747,101 square feet of Office construction underway, and total construction is higher than the 3,213,519 square feet that was under construction at this same time last year. This is an increase of almost 50% when compared to last year.
- Planned Office construction in San Diego County is slightly up compared to last year.
 Currently there is 9,970,722 square feet of Office space on the slate as being planned, compared to last year's figure of 9,620,095 square feet.
- The Office vacancy rate is at 10.48%, which is lower than the 10.62% we saw a year ago. This low rate is putting upward pressure on lease rates.
- The average asking full service lease rate checked in at \$2.60 a square foot per month this guarter. This is 5.26% higher than what was reported in the third guarter of 2005.
- The Office absorption checked in at negative 99,453 square feet for the third quarter of 2006, giving the San Diego Office Market a total of 7.1 million square feet of positive absorption for the last 15 quarters.
- Rental rates are expected to continue to increase at moderate levels in the short run, and concessions will lessen as the economy in San Diego County continues to expand. These conditions will put upward pressure on lease rates going forward. We should see rental rate growth of 5% to 7% in 2006.

OFFICE MARKET STATISTICS

	302006	202006	302005	% CHANGE VS. 3005
Under Construction	4,747,101	4,134,128	3,213,519	47.72%
