CAREER SUMMARY

Alton Burgess is a Senior Vice President & Partner at Voit Real Estate Services. Born and raised in Southern California, he graduated from the University of Irvine in 2007. His primary focus is representing companies & individuals, specifically those requiring in-depth market knowledge of Industrial, Research & Development, and Office buildings.

Alton began his career during the beginning of the financial crises in 2008. Through dedicated effort, Alton secured several large clients over his initial few years including New Era Cap Co., MCAM (Division of Mitsubishi), Solar Turbines (Division of Caterpillar) and more recently Enterprise Automation (Division of Tetra Tech). In any given year, approximately 20-30% of Alton's transactions occur "off-market", demonstrating his relationships and ability to connect clients with their objectives. The value created in securing the ideal facilities for his clients has helped generate millions of additional revenue while furthering local expansion and hiring of new employees.

Alton's primary area of focus is Orange County, CA, specifically the greater Airport Area and South Orange County.
