CAREER SUMMARY

Erik Sikes joined Voit in 2020 after a college summer internship program at Cushman & Wakefield where he learned the dynamics of the industry from first-hand experiences. Erik is a local market expert with over 6,500+ contacts of local owners and tenants and access to all major marketing materials. He is an avid cold caller and regularly canvasses the market on foot with marketing brochures.

During his collegiate years, Erik was a 3-year starter and is a current university defensive record holder for the BYU men's volleyball team, where the Cougars were a two-time NCAA championship runner-up in 2016 & 2017. His athletic experiences taught him invaluable life lessons and the importance of perseverance and dedication.

Due to his strong work ethic, success in a team environment and constant motivation to accomplish personal goals, Erik has spent the last three years facilitating off-market sale transactions, as well as working with tenants and owner-users to lease or acquire new facilities. Erik is self-directed and an avid prospector, having sourced virtually all of his business activity through telephone and street level canvassing. He takes pride in his proactive and detailed approach to handling transactions, which gives his clients the confidence that the transaction process is completed in a timely and effective manner.

EDUCATION & AFFILIATIONS

Brigham Young University
Bachelor in Sociology

AWARDS & ACCOMPLISHMENTS
